EDITORIAL

Come hell or high water, no children are allowed in the premises of the Club Marconi. There are no facilities, even if it pours rain, for people to find shelter. After sitting in a bus for hours on end to support our club and to support soccer in general, families will think twice about going to a place where children are not welcome.

This in part is due to the crazy liquor ordinance in N.S.W. but also to the fact, that no effort has been made to provide a non-licensed part in the clubhouse. No one can complain about the hospitality of the people at Marconi. Food and drink were provided in abundance for players and supporters at no cost to the visitors. When we are in the lucky position to build our own clubhouse, let's not forget our wives and children and provide facilities for all.

NEXT MEETING:

'Meet the Manager', Tuesday, 5th September, at the club. Johnny Warren with Danny Moulis on his trip to the U.S.A.

JOHNNY WARREN IN CONVERSATION

Congratulations to Ivan Gruicic who will be playing his 50th game for Canberra City. Ivan is our leading goalscorer over the period that he has been with the club, and probably one of the most popular players with the crowd. It just goes to show how young our club is. The next players to qualify for this honour should be John Brown and Danny Moulis. Unfortunately John Brown is not ready yet but he will have his plaster off next Tuesday and that is a step in the right direction. Danny Moulis and Mike Milovanovic left on Monday after the Marconi game, to represent Australia in the U.S.A. This is a blow because we are down to bedrock, and what am I going to do about it? Well, that is a good question. We have to do some reshuffling of the team. Luckily we can call on Hogg, Salgado and Kavaleva and also Craig O'Neill. I didn't play Mike in the Marconi game because he had received a bit of a knock against his leg. Keni Kavaleva kept Jankovics under control during the first half but as soon as we left him alone he became a danger which finally resulted in the second goal being scored.

Canberra has the best supporters in Australia. I would like to thank them for their tremendous enthusiasm. When we came back from Melbourne there were 50 or so supporters waiting for us at the airport. The match against Marconi at Bossley Park saw five bus loads and many other supporters who had come by car to help their team along. The most heartening moment was two minutes before the end when this tremendous Canberra chant came across the field to cheer the team on. Unfortunately it didn't help this time. Yes, I was disappointed with the loss. I thought we could have won especially at half time. Marconi's first goal was magnificent, a great goal. It was good to see Roy Stark back again, there were no after effects of the knock and he should be 100% fit next week.

The hospitality at Marconi was first rate and hopefully we will be able to reciprocate next time they come to Canberra.

We must go all out to ensure that the quarter final of the Philips Cup will be played here in Canberra. The stadium has been booked to meet Fitzroy on September 24. Other matches in the quarter finals are Essendon Lions v Adelaide City, Western Suburbs v Newcastle United and Sydney City v Brisbane City.

We can draw as many and often more people to a match than Sydney. Last week there were two double headers in Sydney which drew the grand total of 4,700 people for four matches. We have more when it rains. The double header in Melbourne where two Philips Cup matches were played was watched by 7,000 people. We beat George Cross 3-2.

The first "Meet the Manager" evening was a great success. The quality of the questions was tremendous and it was good to be able to put the manager's point of view. The next "Meet the Manager" evening will be on Tuesday, 5 September, when Danny Moulis will be back to talk about his trip to the U.S.A. I don't think Mike will be back by then because he is going on to Yugoslavia where he will visit his parent's home and the world famous Red Star Belgrade Soccer Club. Later on I hope we can expand these evenings with films and maybe video tape. It will become the feature night of the month in the club's life. Ninety people turned up the first night where they were able to put their point of view. I would like to thank the club management, the organisers and above all, the 90 people who made it a success.

Just to finish on a social note. Happy birthday to Billy Smith, Theo Moulis, Danny Moulis, Ron Tilsted and Ivan Gruicic, and wedding bells will be ringing around Christmas time for Christine Farrey and Billy Smith.

COCA COLA BASIC SOCCER SKILLS CONTEST – GRAND FINALS

The following 9 junior soccer players, grouped by age and listed in alphabetical order (exactly as they will be called to compete) have progressed to the Grand Finals today. To become eligible they each had to win preliminary rounds, first in their own clubs and then in an inter-club competition. On the 16th of June at Bruce Stadium the 26 most skillful juniors met in the quarter finals. Eighteen of these progressed to the semi-finals held on 30th July and these remaining 9 are the top A.C.T. competitors in the U/12, U/14, and U/16 age groups.

Today they will be tested in basic soccer

skills, namely retaining control of the ball in both static and active situations, and accuracy in shooting goals. Each boy will compete against the other 2 in his age group. In addition, the boy with the highest total score, regardless of age will be awarded the Champion of Champions title and a trip for two to Adelaide to compete in the National finals in September.

All prizes for competitors have been donated by the Coca Cola Bottlers, Canberra and the presentation will be made to the winners at half time in the main match of the day.

The goal is fitted with two specially-shaped woodframed boards which are secured to the goal posts as shown in the diagram.

You have five attempts at shooting for goal from the penalty spot. The ball must not touch the ground between the penalty spot and the goal line.

If the ball passes between the two boards . . . no points are scored

If the ball rebounds from the boards . . . 10 points are scored

If the ball enters the goal via any one of the four spaces in the corners of the goal on the full . . . 30 points are scored

If the ball enters the bottom corner after hitting the ground . . . 15 points are scored

BUS TRIP TO MARCONI

A record five bus loads of fans travelled to Bossley Park, Sydney, last Sunday to cheer the lads on. The "Wowdies" made their first bus trip to Sydney with the fans and led the supporters superbly to the club song over the ground PA system.

In addition to the supporters who travelled by bus another estimated one hundred fans travelled independently by cars. In fact blue and gold scarfs, caps and beanies dominated the stand.

Max Brown with "Barnaby" stole the pre-match limelight as they thundered

across the turf in true Bruce Stadium fashion. Barnaby in fact provided a four legged version of "Come back to Sorrento" much to the delight of the Marconi supporters.

As the buses in long procession travelled back to Canberra with the "Wowdies" dancing in the aisles after a spirited effort by the boys, we began to wonder if anyone of the two hundred and twenty-five who began the bus trip were left behind at Bossley Park.

Welcome

Eastern Suburbs Hakoah or Sydney City, we for one welcome the change, welcome you to Canberra. When you run out onto the pitch you will hear the noisiest supporters in Australia giving you a cheer. Our supporters like their team to win and make no bones about it. But they also like to see good soccer and where would you find hundreds of supporters staying behind to thank their team and the opposition for a nil all draw. It happened at Bruce Stadium. Gerry Chaldi and his men will be anxious to chalk up a win to ensure that they will not fall behind West Adelaide. The pressure is on and last year Canberra got the name of the giant killers which we may get again.

Sydney City is one down from the top with only three matches to go, and two points can mean the difference between

first or nothing. Canberra has met Sydney City three times, it was beaten twice and drew once. But this time it will be different. Many eyes will be on Todd Clarke who unfortunately for Australia, missed out on the world cup matches last year because of injury. His latest TV appearances show that he will be the man to beat for the position of goalkeeper in the national squad. Black bearded Murray Barnes will share the lime-light with Ernie Campbell who has lived up to his reputation as one of the best exponents of the round ball game in Australia. Mark Trenter is carving out a reputation for himself together with Hilton Silva and Henry Mowbray. We welcome all of you and hope you will have a good time, loss, win or draw.

JUNIOR REPRESENTATIVE TEAMS

For the second year the A.C.T. is fielding representative teams in National Championships at Under 14, 15 and 16 levels. While this presents a very heavy financial burden, it is the belief of the Junior League Management Committee that soccer can only improve if a special effort is made to promote the better young players.

Today, the Under 15 and 16 teams are playing the curtain raiser. These teams along with the Under 14s have been training for several months and are almost ready for the National Championships. The effort put in by the coaches and managers and all the players has been exceptional and today you should see the fruits of these efforts.

Under 16 Rep Squad: M. Vanlimbeek, G. Havelock, W. Burdorf, T. Ridley, C. Dillon, B. Ceraolo, G. Fearn, B. McConnel, J. Dunn, J. Londos, C. Iliadas, G. White, A. Alfrink, A. Fairbairn, O. Murphy, P. Orsag, I. Thompsett, C. Leith, J. Nousianen, O. Gwyther, A. Reis.

Our Junior Club of the Week is

CONCORDIA-PHILLIP

The ball boys in the scarlet strip with white trim today are from the CONCORDIA-PHILLIP SOCCER CLUB INC. They are the U/12 first and second division teams of the 1978 season. Their President, Major John W. Thompson forwarded us the following note on this most successful club:

The Concordia Phillip Soccer Club was formed by a merger of Forrest United and Phillip United Clubs, at a joint meeting in December 1976. Prior to that time Forrest for some years had no junior teams, but Phillip, which had difficulty in fielding strong senior teams was well provided with juniors, because it inherited through prior amalgamations the Garran juniors and the Hughes-Garran Juniors with their record number of registered players.

In 1972 the Club approached Arsenal of London, and was given the permission to use the nickname 'The Gunners' and their badge. The motto on the old Arsenal badge

was 'Victoria Concordia Crescit'. The new name of the club is most appropriate — Phillip for the geographic region, and Concordia, meaning Harmony.

Last years Concordia Phillip fielded fifteen teams in the Junior League competition, and together with their three under 6 & 7 and three under 8 teams they had 260 players on their books. The fifteen teams won three premierships as well as three runner-up, three major cup and one minor cup titles. There were two under 9, three under 10, two under 11, three under 12, two under 13, and three under 16 teams. From each age group one team played in the first division.

Most Concordia Phillip juniors live either in Garran or Hughes. However other suburbs are also represented, particularly by boys who previously lived in the area and, who even after moving out, register loyally with the club.

☆ SAGA ☆

Saga is something of an institution on the Canberra music scene. The band was formed in June 1972 and in the past six years has retained its appeal and popularity through various changes of line-up. Highlights of Saga's career include winning the Canberra Heat of Showcase '75 and scoring a No. 1 hit in 1977 on the Canberra charts with their song "Cover of the Canberra Times". Always busy, the band works extensively in Canberra, Sydney and various country areas and several times a year takes time off for cruises with the P and O line in the South Pacific and Far East.

Much of the success of the band can be attributed to its policy of tailoring their music to the audience. They are able to accomplish this because of their wide

repertoire which ranges from cabaret music and everygreens to heavy rock.

In the near future Saga plans to release a new single and they have been recording material in Sydney Studios over the last month, hoping to repeat the success of "Cover of the Canberra Times".

Saga enjoys a close association with the Canberra City Club, and would like to thank its other sponsors "Music Boutique" and Ansett Airlines.

Saga is comprised of Hu Moran — keyboards, vocals. Graham Patrick — bass, sax, vocals. Jeff Gallimore — drums, vocals. Pete Leigh — guitar, vocals.

To contact the band for bookings for every type of job — phone 81 4987 bus. hrs. or 88 5962 after hrs.

FOOTBALL LEAGUE NOTES

Of the many areas of responsibility represented by Canberra City Board Members, some are inclined to receive much attention and acclaim because of the nature of the activity, whilst others although being an important part of the club scene appear only to be conspicuous by the absence of laudations and platitudes. The latter situation is exemplified in this club's Football League Teams arena where Bill Arnold is vested with the responsibility for developing an environment in which young players may be nurtured to possess both football skill and importantly club loyalty to the "Gold and Blue".

The rewards for a job well done are not for early picking or strewn as confetti, but are likely to occur at some future time when a PSL player is affectionately remembered as "the kid who played his first senior game with Mike O'Neill's Canberra City's local grade squad some three or four years ago."

In creating and hopefully consolidating this avenue of player supply for the club's future the personal endeavour and administrative involvements of our Board Member are considerable and include representing the club by attending: (i) ACTSF Football League, ACTSF Executive, and ACTSF Council of Clubs meetings. (ii) ACT Referees Association liaison. (iii) ACTSF Executive Regulation Review meetings. (iv) Chair Canberra City League meetings, report to the Board, communicate with local media on League matters. (v) Involvement in U/16 and U/18 ACTSF Rep Team preparation, registration and administration of club junior players, etc. . . .

Canberra City being by far the newest and now the most senior soccer club in the region needs to earn respect for its name plus local support and thereby inherits a responsibility for maintaining good working relationships with local soccer organisations and officials. Finally therefore and

maybe as important as any for the immediate future, it is incumbent upon the Football League section of our club to play a significant role in this regard, and in spite of some growing pains it may be said with some justification the job is being done and done well!

CAR RAFFLE

The car raffle has been going for a month and we have been progressing quite well but we need more help.

You can help by buying a ticket. There are only two home games left so buy a ticket at our remaining games.

You can help by flogging some tickets. Books are available at the car or from the club. You can also help us man the car at the various centres in Canberra.

The helpers to date have done a remarkable job but more help is needed. The same people can't be expected to work every weekend.

You can ring Claude Li Chaing at home on 54 5053 or work 46 2213 and offer help or leave your name and where I can contact you at the club.

Corison Comments

So the news is out. Canberra City Soccer Club is moving to new social premises. Just in case the Club administration is not aware of it, such a move is not only most desirable, it is most necessary.

I hope the Club has looked at premises in terms of progressive steps in three stages. Stage 1 saw the first premises in City Walk. At the time when the decision was made, this step was very appropriate. The Club needed a social base, to increase club interests, communication, and add to financial stability. But the premises soon outgrew their usefulness, and so many Club members declined to utilise the clubroom because of its limited offerings.

Now Stage 2 becomes important. Social membership of the new premises must be increased, well-planned activities must be available almost every day and night, the Club has to be run in as entrepreneurial

a way as possible, so that Stage 3 can eventuate in about three or four years time.

What is Stage 3? Simply, Stage 3 is a multi-storey purpose built premises which will

- * be a Club Canberra City supporters will be proud to belong to
- * be built on financial assets
- * continue to foster soccer in the ACT.

Purpose built premises, especially planned by a soccer loving architect could make the premises into the best soccer premises in Australia, if not the world.

Are there people with vision in the Canberra City Soccer Club? Sure Stage 3 is nothing more than a fantasy at the moment, but careful planning and expert handling of Stage 2 will ensure that Stage 3 will become a reality. What a beautiful possibility for soccer in this City?

LICENSED CLUB

Since the last home game the club has taken belated possession of eight more poker machines which have been installed at the club premises at 179 City Walk. It is hoped that the machines will ease some of the financial burden being experienced by the club at the moment but remember the club **needs your patronage.**

As **you** have heard from one source or another, the move to the new premises is imminent and it is hoped that better facilities will be offered our members. The new premises being considerably larger in size than the present premises will provide opportunities for varying tastes in atmospheres. With the larger capacity kitchen, the club will be endeavouring to offer a wider range of menus, providing lunch and dinner at least six days a week at very

reasonable prices. It is intended that special family lunches will also be provided for members' families and their guests.

Entertainment will be provided on a regular basis which has not been possible in the existing premises due to size constraints and members can look forward to holding private functions in the club's new function area.

Please bear with us during the move and the club looks forward to a bigger, better premises in the near future and seeing you at the opening buffet party at a date to be announced.

REMEMBER, IF YOU ARE A MEMBER, **PATRONISE YOUR CLUB** — IF YOU ARE NOT A MEMBER BECOME ONE NOW.
